I have recently finished my PhD studies in the field of Artificial Intelligence (AI). I enjoy working in multidisciplinary teams, contributing analytical thinking and problem-solving skills to achieve meaningful results. Always eager to learn and innovate, I focus on creating practical and effective solutions. And whenever I have free time, I love spending it outdoors, especially snowboarding.

Work experience

Epiroc

Jan. 2026 – Present

AI Architect

Örebro, Sweden

- Responsible for defining and driving the department's AI strategy by developing the AI roadmap, identifying Machine Learning opportunities to enhance products, and fostering an AI-focused community through workshops and learning initiatives.
- Competences: Azure DevOps, Azure Machine Learning, MLOps, leadership, communication skills, public speaking.

Committa AB

Dec. 2025 – Present

Engineering Consultant

Örebro, Sweden

- Responsible for providing support in internal automation processes within the consulting firm, although most of the time was dedicated to the client company (see above).
- Competences: presentation and communication skills, team building, PowerAutomate, Python Scripting.

Örebro University

Jan. 2025 – Nov. 2025

Research assistant

Örebro, Sweden

- Responsible for the development of a digital twin and integration of multiple intelligent robotic platforms.
- Competences: ROS, Gazebo, Digital Twins, technical report and communication.

Örebro University

Sep. 2020 – Jan. 2025

Doctoral researcher

Örebro, Sweden

- Responsible for the research project funded by the Knut and Alice Wallenberg Foundation.
- Teaching assistant for the laboratory sessions of the course: Datorkommunikation och nät (Network Communications) (Fall 2020, 2021)
- Competences: Machine learning, deep learning, Transformers, CNN, LSTM, project management, communication, and presentation.

Aeroengy

Oct. 2019 – Feb. 2020

Data scientist

Madrid, Spain

- Responsible for analyzing customer turnover, loss, and loyalty after closing the client's centers.
- Competences: MySQL, Python, Databricks environment, and Shell Script, client presentation to customers.

GRAM, University of Alcalá

Oct. 2018 – Sep. 2019

Research assistant

Madrid, Spain

- Responsible for the implementation of computer vision navigation algorithms for a mobile robotic platform. The output of this research was my Master's Thesis.
- Competences: Tensorflow software library, Deep Reinforcement Learning, technical report writing.

Europcar
IT Engineer

Feb. 2016 – May. 2016
Madrid, Spain

- Responsible for the automatization of processes of the company.
- Competences: Java, shell script, communication, teamwork, team building.

GRAM, University of Alcala
Computer Vision research intern

Oct. 2015 – Jul. 2016
Madrid, Spain

- Responsible for the development of computer vision algorithms to estimate the discrete pose of vehicles. The output of this research was my Bachelor's Thesis.
- Competences: Computer Vision, Image processing, deep learning software (MatConvNet), paper writing.

Education

Örebro University
Ph.D. in Computer Science

Sep. 2020 – Feb. 2026
Örebro, Sweden

- Program: Wallenberg AI, Autonomous Systems and Software Program (WASP)
- Thesis title: Label Ambiguity and Affective Priming: A Framework for Enhancing Emotion Recognition Models.
Link: [🔗](#)
- Completion of a large variety of Machine Learning and Deep Learning courses. More information here: [🔗](#)

TU Darmstadt
Erasmus Program

Sep. 2017 – Sep. 2018
Darmstadt, Germany

- Master program: Information and Communication Engineering (iCE)

University of Alcala
M.Sc. Telecommunications Engineering

Sep. 2016 – Jul. 2019
Madrid, Spain

- Specialization: Intelligent Transportation Systems.
- Master thesis (in Spanish): [🔗](#)

University of Alcala
B.Sc. Telecommunications Engineering

Sep. 2012 – Jul. 2016
Madrid, Spain

- Specialization: Telematics Engineering.

Licenses & certifications

Deep Learning Specialization
Coursera

Jul. 2020

- Credential ID 4BMCNQ4NXCWS: [🔗](#)

Driving License
Type: B

Additional information

Languages

- Spanish: Native or bilingual proficiency
- English: Full professional proficiency
- German: Limited working proficiency
- Swedish: Limited working proficiency
- French: Elementary proficiency

Research

- Work done during my research (own and collaborations) can be found in this link [!\[\]\(6302aad5aed157b291fddf37b4870784_img.jpg\)](#)

Other merits

WASP PhD Council

- Member: 2021-2024
- Vice-chair: 2022-2023
- Chair: 2023-2024

Volunteering

Monitor

Madrid, Spain

- Volunteer with children (7 to 12 years old) during the weekends at Apicula Scout
